특전미사

I felt that the ski trip was very fun and I got closer to my future youth group members. When the opportunity comes, I would definitely like to go skiing again! Thank you so much 신부님 for providing a sketchy mass. :)

During this ski trip I had a lot of fun. I felt that I got closer to God through this experience. I also felt that I got to know people better. I can't wait for the next ski trip!!

This was my first time skiing and I had so much fun. I took a lesson, and pretty soon, I got the hang of it. Spending time with all of us made me feel happy. Luckily, we did not get hurt. I know God gave us that luck. I'm looking forward to next years ski trip!

I had so much fun at the ski trip! I felt that everyone got closer as friends and I would like to thank teacher Paul and teacher Francesca for how much they have taken care of us.

My favorite part about the ski trip was skiing on higher and higher slopes, and the fact that it was really cold but our parents didn't complain about it and we were not forced to be inside like they usually do when it's cold out. Thank you to everyone who made this ski trip possible!

1. I liked when I first went on the long slope.
2. I liked when we got to stay up late.
3. I thank everyone who made it there for leading us to a fun trip.

- Claire Lee: 2nd

I had a lot of fun at the ski trip as well as recognize the importance of religion. On this trip, I realized that it bound us together and I met some of the best people and made great friends. It was a unique experience in itself and I can not thank everyone enough for making it memorable. I look forward to the next event and seeing everyone at church.

This ski trip was such a fun way to spend time with the youth group and get to know them more. All of us had lots of fun, spending nights playing games together and cooking and eating as a family. It was a great bonding experience and I'm sure the following events will be just as fun.
